This document is to be used in conjunction with the accompanying “Grammar progression” and “Sentence development” documents. It is important to look at the year before and after to be able to differentiate and to identify how the children could develop further. Using these documents will arm you with information on how to help your pupils, set goals and identify next steps for their writing.

This covers all the areas for the 2014 National Curriculum and more.

Each year group builds on the year before, so it is fundamental that teachers are aware of what has been taught in previous years. Therefore, teachers could highlight the sections covered and embedded and pass this information on to the next class teacher.
